

\$125,000 GIFT TO YALE.

NEW HAVEN, Oct. 17.—A gift of \$125,000 to the Yale alumni fund from Robert W. Keller, President of the Virginia Portland Cement Company of New York of the date of 1914, was announced by the Yale Corporation.

The corporation devoted most of its time to a discussion of the university budget for this year, which shows an estimated expense of \$1,999,991 and a deficit of \$36,755.

Toxic Infection

of the system, caused by the retention of waste products in the body, these common complaints will arise—Constipation, headaches, biliousness, dyspepsia, nausea and liver and bowel complaints. To free yourself from these troubles,

In Your Garbage Can
tilet bowl, kitchen sink, scrubbing water, etc., this powerful disinfectant and deodorant will prevent foul odors and destroy disease germs. Use it daily in your home. At all grocers and druggists—10c a tin.

BUDGET MAKERS GRANT \$1,250,000 WIDOWS' PENSIONS

Committee Unanimous in Voting Appropriation Asked by Child Welfare Board.

One of the most interesting discussions before the City Budget Committee was that of widows' pensions. It resulted in a unanimous vote to recommend an appropriation for next year of \$1,250,000, approximately the amount the Child Welfare Board had figured as necessary to care for cases now pending.

Henry Bruere, Chairman of the board, and Sophie Irene Loeb, Vice Chairman, appeared before the committee and explained its work for the

past year by which hundreds of children are being kept out of institutions.

A report was received from James McGinley, chief of staff of the Commissioner of Accounts, who with several investigators had gone over the work of the board and visited the homes of 100 widows receiving pensions, choosing every tenth widow on the list.

The examination showed that in every case the allowance was both justified and deserved—that is, 100 per cent. of the cases were granted properly. The investigators considered the earning capacity of the family, the relative assistance, the cost of the home, rooming, ventilation, cleanliness, sleeping arrangements, fitness of mother as guardian, health of the family and vocational provisions. Much praise was accorded the Child Welfare Board for its excellent work, and the report also suggested that it be allowed more investigators.

Mr. Bruere explained that he had been over the figures presented to the committee with care and found that 85 per cent. of the applications re-

ceived were actually eligible for pensions under the law, and it was on this basis that the calculations were made for the budget.

The board has had nearly 10,000 applications, 4,000 of which are yet to be investigated. Only three cases of fraudulent applications have been found in the applications examined.

Miss Loeb told the committee how every case was considered, and the conditions surrounding the widow thoroughly gone into before an allowance was granted.

"This is primarily a preventive measure and was designed to keep the family together so that children would not need be put into institutions and become public charges later on," said Miss Loeb.

That is what the Child Welfare Board has aimed to do.

She cited the work of other countries, especially Denmark, where the widow's pension law has been scientifically demonstrated as a great economical measure that saves the community burdens in the end by eliminating sickly citizens and criminals. This is only accomplished by giving to the child in his tender years the wholeness of a home and the attention of a mother.

FIRED ON NEAR PERSHING'S CAMP

Windows Smashed on Train Bound From Northwest Chihuahua to El Paso.

EL PASO, Tex., Oct. 17.—A train bound for El Paso from Northwestern Chihuahua was fired on at Corralitos, twenty miles north of Gen. Pershing's field headquarters at Colonia Dublan. The first volley shattered the train windows, but the train guards, replying with rifle fire and a machine gun, repulsed the attack.

Fifty-five thousand regular and National Guard troops—the largest number of soldiers assembled in one place in the United States since the Civil War—are now located in five great camps about El Paso.

Passengers arriving from Chihuahua to-day reported that 1,000 Carranza troops were defeated in an all-day fight with a greater number of Villa bandits Saturday at San Andres, Chihuahua.

ANNETTE KELLERMANN SOON TO SHINE WITH MOVIE IMPRESARIOS

ANNETTE KELLERMANN WILL SOON BE HER OWN PRODUCING MANAGER

Versatility of the Star in "A Daughter of the Gods" to Be Seen in New Way.

Annette Kellermann, whose marvelous feats in "A Daughter of the Gods" will be disclosed for the first time at the Lyric Theatre to-night, will soon become a producing manager on her own account. Miss Kellermann as an all-around artist is probably without a peer among her own sex.

While filming "A Daughter of the Gods" in Jamaica, Miss Kellermann courted death or injury in many forms. She swam, dived, rode the rapids, fenced, fought a duel on horseback, performed acrobatic stunts and posed as a goddess from the sea.

The actress's mother was the first singing teacher of Mme. Melba. She was a professional musician of French extraction and Parisian training who had settled in Sydney, Australia. Miss Kellermann was educated for the musical stage. Her talent was most greatly displayed with the violin, and it was predicted that she would have become a performer of the Kreisler, Ysaie or Elman calibre had she continued at her studies. However, the youthful madcap genius took a decided twist to the out-of-door physical feats, and particularly to swimming, which she learned at an early age. From this on it was not long before at the age of fourteen she became the champion swimmer of Australia.

"A Daughter of the Gods" it is said, will show how one-sided the idea is of regarding Annette Kellermann only as a diver and swimmer.

FURTHER THAN RENO.
A divorce in Chinese Turkestan, effective immediately, costs only 8 cents.

Why Society Women Wash Their Own Hair

Few realize how many society women now wash their own hair, not because it is a fad, but because they wish to obtain the greatest possible hair beauty and be sure they are not using anything harmful. The thousands who have found that in washing the hair it is never wise to use a makeshift but is always advisable to use a preparation made for shampooing only, say they get the best results from a simple home-made canthox mixture. You can enjoy this, the best that is known, for about three cents a shampoo by getting some canthox from your druggist, and dissolving a teaspoonful in a cup of hot water. Your shampoo is now ready. After its use the hair dries rapidly with uniform color. Dandruff, excess oil and dirt are dissolved and entirely disappear. Your hair will be so fluffy that it will look much heavier than it is. Its lustre and softness will also delight you, while the stimulated scalp gains the health which insures hair growth.—Advt.

HEADACHES

Thousands of men and women suffer from headaches every day, other thousands have headaches every week or every month, and still others have headaches occasionally, but not at regular intervals. The best doctor is often unable to find the cause of many of these headaches, and in most other cases, knowing the cause, he does not know what will remove it, so as to give a permanent cure. All he can do is to prescribe the usual pain relievers, which give temporary relief. The headache returns as usual, and treatment is again necessary. If you suffer from headaches, no matter what their nature, take anti-kamnia tablets, and the results will be satisfactory in the highest degree. You can obtain them at all druggists in any quantity, 10c worth, 20c worth or more. Ask for A-K Tablets.

SICK-HEADACHES
Sick-headache, the most miserable of all sicknesses, loses its terrors when A-K Tablets are taken. When you feel an attack coming on take two tablets, and in many cases, the attack will be warded off. During an attack take one A-K Tablet every two hours. The rest and comfort which follow can be obtained in no other way. Genuine A-K Tablets bear the M. monogram. At all druggists.—Advt.

Stern Brothers

West 42nd Street Between 5th and 6th Avenues West 43rd Street
